**WHITEPAPER 1.0**  
[www.dogotoken.com](http://www.dogotoken.com)

A woman with long, wavy hair is smiling and petting a white dog. The background is a soft, warm glow, possibly from a sunset or sunrise. The text is overlaid on the image in a white, sans-serif font.

What is the purpose of DOGO?

DOGO is a social token project whose biggest goal is to adopt pets abandoned in shelters or thrown on the streets by animal lovers and to be opened to the common use of animal lovers in the future.

DOGO aims to be a support project where animal lovers will transfer their purchases with the dogomarket opened to our cute animal friends in the areas provided by the associations and volunteer groups they shelter, considering the animals they cannot adopt

Many of us live with animals in the world and the vast majority of them need help. These are but also a part of life. Among them are creatures that have difficulty in accessing food. But our priority is to find a warm home for these animals.

Improve the lives of these animals with the Dogo project
